

MARINE TRADES BASIC CERTIFICATE

This 45-hour overview course introduces participants to careers available in the recreational marine trades with an emphasis on the role of the marine technician. Through lecture, demonstration, hands-on experiences, and field trips, information is gained about opportunities in the following recreational marine trade areas:

- Electronics
- Mechanics
- Boatyard Skills
- Rigging
- Hull Preparation
- Shrink Wrapping
- Boat Transportation
- Marina Operations
- Retail and Customer Service

This course will provide participants with the basic practical information for an entry level position in the recreational marine trades. Participants who successfully complete this course will receive an industry-recognized certificate jointly issued by the college and the Massachusetts Marine Trades Association.

Course #: CSTT201

Cost: \$297.00
